

Certificate of Conformity

Milli-Q® IQ 7000

Catalog number: **ZIQ7000T0**

Serial number:

Manufacturing date:

This certifies that the product described above has successfully passed all quality and performance criteria in accordance with our applicable Quality Standard Procedures. It ensures the high standards of quality and reliability, built into our products, are consistently reached.

The product has been manufactured in a Millipore S.A.S. facility whose quality management system is approved by an accredited registering body to the appropriate ISO 9001 Quality System Standard: DQS Certificate registration N° 005356 QM08 and ISO 14001 Environmental Management Standard: DQS Certificate registration N° 378166 UM. Manufacturing processes are audited on a regular basis.

All records of inspection, testing and other supporting documentation are *Controlled Documents* and cannot be copied. However, these documents are available for on-site review.
